

# EFFICIENT PRODUCT REBATES

## MAKING ENERGY-EFFICIENT Improvements to your home?

We offer cash back so you can save more! Energy-efficient products lower your bills by reducing your electric use. With Efficiency Smart product rebates, you can save even more.

### Eligibility Requirements

Get money back from Efficiency Smart on your purchase of qualified energy-efficient products. These rebate offers are good while funds are available and may be subject to change without prior notice. All rebate requests must be postmarked or emailed within three months of purchase date and no later than January 7 of the following year. The product must be installed at an address served by a participating electric system ([http://74.114.161.27/cms/dialogs/%7Bpage\\_id:5%7D](http://74.114.161.27/cms/dialogs/%7Bpage_id:5%7D)).

The following energy-efficient rebate item limits apply per product category per year for each utility account:

- Advanced Power Strips – 5 per year
- Clothes Washer – 1 per year
- Clothes Dryer – 1 per year
- Refrigerators – 2 per year
- Dehumidifiers – 5 per year
- Ceiling Fans – 5 per year
- Pool Pumps – 1 per year
- Heat Pump Water Heaters – 1 per year
- Furnace Fans with ECM – 1 per year

If you require additional rebates beyond the product limits listed above, please contact customer support at 877-889-3777 before purchasing.

You can submit your rebate request through our online form (<http://www.energysmart.org/for-your-home/efficient-product-rebates/online-rebate-form>) or print the general products rebate form ([/Media/Rebate\\_brochure\\_update\\_final.pdf](#)) ([/Media/Rebate\\_brochure\\_update\\_final.pdf](#)) and submit it through the mail.

### More Ways to Save

You can also save with instant discounts on Advanced Power Strips through Efficiency Smart's online store. Click here (<http://www.energyfederation.org/energysmart/aps.html>) to see all available options. Advanced Power Strips purchased through the online store are not eligible for additional rebates offered by Efficiency Smart.

If you've purchased a new refrigerator but still have a secondary unit running in your home, you can lower your energy bills by recycling a working (cooling) refrigerator or freezer and get \$50 back through our appliance recycling initiative ([/for-your-home/appliance-recycling](#))! If you need to purchase lights for your ceiling fan, check out our online lighting store for discounts on energy-efficient lighting products.

Visit the resources (<http://efficiencysmart.org/resources>) section of our website for even more energy and money savings tips.
