

Village of Genoa

Genoa Police Levy

DUE TO A DECREASE IN FEDERAL AND STATE FUNDING

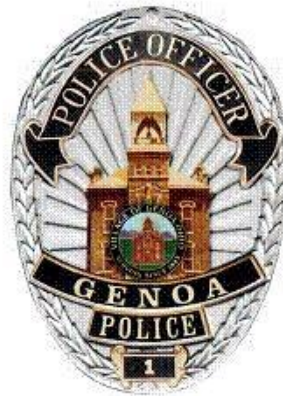

Exclusively for Police Equipment and Training

YOUR SUPPORT IS NEEDED

Due to a decrease in Federal and State funding the Village of Genoa will seek voter approval for a 2 mill levy. This levy would increase funds necessary to update equipment and provide training for our Genoa Police Department. Some of the anticipated uses of the fund are for:

- **Bullet Proof Vest** – Current vests are reaching their 5 year expiration date and must be replaced.
- **Body Cameras** – Used for Public Safety and Officer accountability.
- **Tasers** – Present Tasers are over 5 years old and no longer serviceable.
- **Patrol Rifles** – Present rifles are military surplus and not applicable for street use.
- **Police Vehicles** – Heavy usage require replacement every two years.
- **Handguns** – Current pistols are over 12 years old and in need of replacement.

This levy is intended to be used exclusively for police equipment / training and is not intended for the use of police salaries. The Genoa Police Department prides itself on its service to the community and would appreciate your support on November 7th. The Village would welcome any comments and questions. You can contact the Village by calling or e-mailing the Genoa Police Department.
