Dan Skees is still doing improvements on his building (Dr. Laub's old office) and hopes to be open possibly in October.

The old Hour Glass is scheduled to meet with the Design Review Board soon concerning their new awning.

The new Coffee Shop on Woodville Road is progressing.

Check out the flower gardens around town in front of the Administration Building and around the Town Hall. A big thank you to the town guys for watering the planters and hanging baskets on Main St. Everything looks so good. Have heard many comments on how nice our town looks.

Community Garage Sale is scheduled for August 11 & 12th.

Check out the new bench at the park by the playground area. The bench was donated by the Drake family who has been having their family reunions in the park for 50 years. Check out the article in the Suburban Press last week.
